## DIES SAVING WAITRESS.

Man Rushes Into Fire, Brings Out Girl, But Falls Victim.

(ASSOCIATED PRESS NIGHT REPORT.)  
VERNON (B. C.) Aug. 11.—A. Hocking, one of the victims of the Okanagan Hotel fire yesterday, in which eleven persons lost their lives, met a heroic death. He made two trips into the flames to rescue the children of Mr. Siglet, one of the hotel proprietors, and hearing one of the waiter girls scream in her room, he said:  
"I'll get her or die."

He rushed again into the building and succeeded in getting the girl out on a veranda, whence she was rescued, but he was never seen alive again.

courts in the trial of other officials who helped him wreck the bank.  
For his testimony he was given full immunity on all other indictments against him. Brown and his associates booted the bank of nearly \$500,000, which would have been almost a complete loss except for a heavy advance in Western Pacific Railroad stock will get 20 cents on the dollar.  
Brown was largely responsible for heavy loans to James Treadwell, a man, and others, on poor collateral. A report was made that depositors of the bank, many being poor people.

FOREMAN FOOLED ITALIANS.  
HELD OUT MONEY.  
(BY DIRECT WIRE TO THE TIMES.)  
MARTSVILLE, Aug. 11.—(Exclusive Dispatch.) The twenty Italians who barricaded the Western Pacific tunnel in Plumas county and refused to surrender until they were paid and who yesterday surrendered the tunnel on a showing made by an interpreter, have discovered that it was their own foreman, a Wilcox-countryman, and not the Western Pacific Company who was responsible for their not getting the money due.

STORES WIPED OUT.  
FIRE AT BREWSTER.  
(ASSOCIATED PRESS DAY REPORT.)  
SPOKANE, Aug. 11.—A fire of unknown origin, starting in an unoccupied store, early today, wiped out the entire business section of Brewster, on the Columbia River, sixty miles above Wenatchee, entailing a loss of \$50,000. For a time the entire town was threatened, but residents of the town finally managed to get the fire under control, after a fight of four hours.

SLOPE BRIEFS.  
Murder Victim Buried.  
SAN FRANCISCO, Aug. 11.—The body of Robert J. Little, who is believed to have been murdered on the outskirts of Reno last week, was buried today in an Oakland cemetery. James E. Little, who brought his brother's remains from Nevada, expressed a belief that robbery was the motive of the murder.

Fire at Nogales.  
NOGALES, Aug. 11.—Fire this morning destroyed a frame building in the center of the business section occupied by Sumner's barbershop and laundries; loss \$5000. It was partly insured. The fire spread rapidly and did great work by the fire department saved the business section from destruction.

Another Juror Gens.  
SAN FRANCISCO, Aug. 11.—Henry Nelson, an inmate of the Old People's Home, who appeared in court yesterday for a place among the jurors that will try Patrick Calhoun on a charge of offering a bribe, was excused today because he was not on the assessment roll. A donor other taxpayers were challenged.

To Cremate Pauper Dead.  
PORTLAND, Aug. 11.—(Exclusive Dispatch.) Bids have been invited by the Multnomah county commissioners for the cremation of the pauper dead. It is the wish of the board that burial in the potter's field shall cease and the paid itself be eventually abolished. The action contemplates on the score of sanitation and economy.

Fire Sweeps Ranch.  
STOCKTON, Aug. 11.—Fire which was communicated to standing barley on the ranch owned by J. D. Thompson on Roberts Island, west of Stockton, last night, destroyed the farmhouse valued at \$500 and burned twenty-five acres of barley which was being harvested. The fire started from sparks from a steam harrow.

COALING CONTRACT.  
COALING, Aug. 11.—At a directors meeting of the Pacific National bank, Monday, the contract for the lease of the bank's new home on Fifth street, was let to D. H. Trevelyan. The number of bids received was five. The estimate for the building proper will cost in the neighborhood of \$10,000. It is planned to begin work immediately.

## CHAUFFEUR CONFESSES TO KILLING SACRAMENTO MAN.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Aug. 11.—(Exclusive Dispatch.) Claud Wood, chauffeur for E. W. Hale of Hale Bros, merchants, who have several stores in California cities, including Los Angeles, is under arrest on a charge of manslaughter for running down and killing James Smith on the Riverside road south of Sacramento last Monday night.  
Smith was an express-wagon driver and father of five young children, who, with the widow, are left destitute. Wood had taken Mr. and Mrs. Hale to the theater, and then, violating his orders, picked up a few congenial friends and went on a joy ride to the road house.  
Smith and his wife were standing in front of a cottage they had just rented, when the auto, going at a high rate of speed, ran Smith down. Instead of stopping, Wood threw the clutch into the high and sped on, returning to the city by a circuitous route.  
After calling at the theater for Mr. and Mrs. Hale and taking them home, he found that he could not repair the damage done to the auto by the impact of the collision, so he deliberately ran the machine into the post at the door of the garage and declared the next day that it had been damaged in this manner. Two days passed without the discovery of the guilty person.  
This morning the Sacramento Union printed the true story. Later in the day, Wood walked into the Sheriff's office and attempted to explain away the condition of the Hale auto. He was locked up and later his companions were arrested. Confessed. Then Wood made a clean breast of it. He said the auto was going at the rate of thirty-five miles an hour when he hit Smith.

## WASHINGTON OFFICIAL FIGHTING HIS IMPEACHMENT.

(BY DIRECT WIRE TO THE TIMES.)

OLYMPIA, Aug. 11.—(Exclusive Dispatch.) George C. Israel, attorney for J. H. Schively, disclosed the first line of resistance of the Insurance Commissioner whose removal is sought, this afternoon, when in a speech before the Senate impeachment committee, he declared that sixteen of the forty-two Senators were disqualified to sit as judges, and that Gov. Hay and Atty.-Gen. Bell had arrogated to themselves powers superior to the State Constitution.  
The whole impeachment proceedings, he declared, was illegal because of these officials' non-compliance, and he asked that the case be dropped.  
Senators Allen and Fishback were accused of having expressed pre-conceived opinions unfavorable to Schively. The other fourteen, he said, had disqualified themselves by voting in caucus to abolish Schively's office without giving him a trial.  
Israel's challenge of the sixteen Senators will be voted on tomorrow.

NEW BUSINESS FUND.  
(ASSOCIATED PRESS NIGHT REPORT.)  
OLYMPIA, Aug. 11.—The eleventh Legislature called in special session to consider charges of malfeasance in office against State Insurance Commissioner John H. Schively and which adjourned July 2, that impeachment charges against Schively might be prepared during the recess, reassembled this afternoon.  
Gov. Hay is preparing a special message recommending investigation of an alleged corrupt political society in Spokane, known as the Order of Panta Pantoia, to which three Spokane county superior judges are said to belong.  
The new members of Gov. Hay, who has hitherto striven to confine the session to consideration of the Schively

## MAN LOST ON MOUNT SHASTA.

(BY DIRECT WIRE TO THE TIMES.)

Gus Mauer of Vacaville, disappeared while waiting for companions to return to Thumb Rock. Must Have Frozen to Death Unless He Reached Lower Altitude.

(BY DIRECT WIRE TO THE TIMES.)  
SIBSON, Aug. 11.—(Exclusive Dispatch.) Several rescue parties have been on Mount Shasta all day searching for Gus A. Mauer of Vacaville, or his body. He was lost yesterday when he attempted to scale the mountain top. His frantic wife and son are at Berryvale Inn awaiting the tidings.  
Monday afternoon Mauer and Frank Morton of Sisson started up the mountain without a guide. They left their horses at Hors Camp Tuesday morning to finish the journey on foot. When they arrived at Thumb Rock it was very cold, about 15 degrees below zero. Mauer said he would stop there. After reaching the top of the mountain, Morton returned to Hors Camp without seeing Mauer and, finding the horses there, knew the man was lost.

He hurried to Sisson to give the alarm, and several parties of searchers left this morning for the mountain. Unless Mauer made his way down to a warmer atmosphere, he must have frozen to death, if he had not fallen over some precipice. He was a member of the Knights of Pythias and Eagles, and those orders are leading in the search for him.

WOULD WIPE OUT WARDS.  
SACRAMENTO PLAN.  
(BY DIRECT WIRE TO THE TIMES.)  
SACRAMENTO, Aug. 11.—(Exclusive Dispatch.) Mayor Clinton L. White began today the circulation of a petition requiring a special election to amend the city charter by making the entire Board of Trustees elective at

## NOTED CHEMISTS BEGIN TO INVESTIGATE CURED FRUIT.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Aug. 11.—Three of the five members of the investigating body of scientists appointed by President Roosevelt in 1926 to look into the sulphur dioxide process used in California in curing fruits, arrived today.  
They are Dr. Ira Remsen, president of Johns Hopkins University, Baltimore; Dr. R. H. Chittenden of Sheffield Scientific School, Yale, and Dr. J. H. Long, Northwestern University, Chicago.  
The other members of the commission are Dr. A. E. Taylor, University of California, and Dr. C. A. Herter, Columbia University.  
Upon these men and the results of their inquiries into the dried-fruit process in this state rests the future

large. As only 550 names are needed to call such an election it will doubtless be held. Instead of Councilman or Aldermen, Sacramento has a legislative board of nine trustees elected by wards. It is White's theory that ward lines should be abolished. San Diego and Berkeley have commissions, elected at large, which perform the functions of both executive and legislative departments. The reform Mayor of Sacramento thinks that by simple amendment to the existing charter, wiping out the wards, practically the same results can be achieved.

WOMAN CAUGHT BY HORSES.  
HELD UNDER WATER.  
(BY DIRECT WIRE TO THE TIMES.)  
TILLAMOOK, Aug. 11.—(Exclusive Dispatch.) By the coining of a bridge over a small stream on the road from Nehalem tonight a team of horses and a buggy driven by Mrs. Ella Blanchard and Mrs. J. Davis was precipitated into the gulch.  
Mrs. Blanchard was caught beneath the struggling horses and held down in the water. She was saved from immediate death by the fact that the horses were supported by the bridge wreckage. The panic-stricken animals struggled frantically and both women feared the wreckage would break and throw them to crash Mrs. Blanchard to death. Finally one horse got its head under water and was drowned.  
Mrs. Davis, who had escaped with minor bruises, finally set off to find help, leaving Mrs. Blanchard partly

## NEWS AND BUSINESS

**Withdraws Charge.**  
A charge of making threats to kill, preferred against Martin Mikulajchuk, a deputy constable, was dismissed in Justice Ling's court yesterday, upon the application of Dusan Cerville, the complaining witness.

**Complaint Dismissed.**  
After hearing testimony in the case against Howard Bowman of Tamas Calton, Justice Summerfield dismissed the complaint. The defendant was charged with assault with a deadly weapon upon a Mexican ranch hand.

**Kindness to Struts.**  
Mrs. F. M. Stewart will speak at the meeting of Los Angeles W.C.T.U. at the First Methodist Church at 2 o'clock this afternoon on money work in regard to kindness to animals. Miss Mary Carman, who is superintendent of foreign-speaking people department, will address the meeting in regard to this work.

**Eastern Star Function.**  
Mr. and Mrs. George T. Ison of No. 1124 West Forty-seventh street will give a reception Saturday evening to the members of the Eastern Star Chapter, No. 187.

**Caught in Hay-Baler.**  
William Spherio had a narrow escape from being seriously injured while feeding a hay-baler yesterday. His foot slipped into the machine and was caught between the plunger and a block used in dividing the hay. The foot was slightly crushed before he could get it loose. Spherio was taken to the Haeveling Hospital for treatment and then sent to his home, No. 4407 Moneta avenue.

**Preparing for Druggists.**  
Preparations for receiving the druggists of this state at their annual convention, as well as the druggists from all parts of the United States, who will convene a few days later, are being completed at the Alexandria. Yesterday W. E. Cline, representative of the American Drug Syndicate of New York, Chicago and other large cities, arrived. He is also a delegate and member of the National Retail Druggists' Association. The syndicate will place a large exhibit in several of the parlors for the benefit of the visiting druggists.

**Golden Book Meeting.**  
The first annual "Golden Book" mass meeting, which will be held at the Jewish Synagogue, at Olive and Temple streets this evening, will also be a memorial to Dr. Theodor Herzl. The affair, which promises to be a largely attended one, is to be given under the auspices of the Abolish Zion, Young Zionists' Association and the Bnai Zion Society. The Golden Book is the outcome of a plan to record in permanent form the names of those contributing to the Jewish national fund and other Zionist institutions. It is issued and managed by a committee representing the three local societies.

## BREVITIES

**To "Liner" Advertisers:** Dating from June last, classified advertising in the Times will be charged by the word at the present established rate of 10¢ per word in the daily issue and 15¢ Sunday. Close calculations covering a period of several months develop the fact that the average number of words to the line are a fraction over seven. This basis for charging there, will prevail after June last. Cash "want" advertising has always been calculated by the word, and this regulation will not change the manner of handling. The present "want" ad rate has been in effect for many years, though the circulation of the paper, now more than 10,000 daily and 10,000 Sunday, has trebled during this period. No paper in the United States, rate considered, compares with the Times in "want" ad service. The Times-Mirror Company.

**Remember the slogan:** "Buy and Boost Home Goods." For daily references, see page 4, Part II of the Times, containing list of wide-awake manufacturers under the heading "Made in Southern California." You will find there are manufacturers of necessities and luxuries here—manufacturers of the things that enter into the life of the home, the factory, the office and the farm. Buy them! Try them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good!

**The game of "buckin' bridge"** has reached the Pacific side, and Mrs. Laura Lacey of No. 523 Ocean avenue, Long Beach, says she teaches it. She acquired the "buckin' bridge" expert from New York, and will impart it to ambitious ones.

**Do your feet ache and burn,** and make you tired all over? Allen's Foot-Powder makes the shoes comfortable, rest and cools the feet and makes walking easy. All druggists, 25¢. Don't accept any substitutes.

**We are now ready with a splendid** showing of New Fall Styles in Men's, Boys and Youths' Clothing. Fall models here, also in Women's Tailored suits. See them. Harris & Frank, 427-443 S. Spring st.

**Replies to (The Times Want Ads,** addressed to the Branch Office, No. 521 South Spring, may be left for delivery at the Main Office. They will be promptly sent to the Branch Office.

**IN HONOR OF INVENTORS.**  
BOSTON, Aug. 11.—Within a few days work will be begun on the foundations for the monument which is to be erected to the three Howes, inventors, all of the same family, who were born in Spencer in the same house in the south part of town. The monument, which is being modeled by Paul Winters Morris of New York, will occupy a position in the grass plot in front of the Town Hall. It bears upon its face bronze portrait medallions in relief of the three inventors—Elias Howe, inventor of the sewing machine; William Howe, inventor of the truss bridge; and Tyler Howe, inventor of the spring bed.

# THE PUBLIC SERVICE In the Courts and Offices.

## SUMMARY OF THE DAY.

The Council Budget Committee may recommend a raise of the tax rate from 35 cents to 40 cents because of inability to further reduce department demands. Reuben F. George brought an action in the Superior Court yesterday for \$50,000 damages against Frank Wilson, alleging that the defendant had alienated the affections of his wife, Sarah E. George.

Hattie Wilson of Santa Monica invested \$750 in stock of the Tonopah-Kendall Gold Mining Company. She declares in a petition filed in the Superior Court yesterday that the stock is worthless and wants her money back.

## AT THE CITY HALL.

### MAY INCREASE THE TAX RATE.

### BUDGET COMMITTEE IS TO REACH DECISION TODAY.

Alternative of More Revenue or Cutting Necessary Items of Expenses Makes Problem Difficult. Fire Engine-Repairs Present a Hard Knot in Financial Question.

An increase of 5 cents in the tax rate or the sacrifice of some items deemed indispensable is the problem the Budget Committee must solve today. The committee has been unable to reach a decision on the fire engine repairs, which are estimated to cost \$100,000. The committee is divided on whether to increase the tax rate or to cut other items.

The committee said after adjournment yesterday that it feared no further cuts will be possible and if they cannot be made the only alternative will be to increase the tax rate from 35 cents to 40 cents. This will produce enough to meet the estimates together with a slice out of the \$250,000 emergency fund to be provided.

It is also hoped to get the budget ordinance in shape for presentation to the Council tomorrow and the will doubtless be a mere matter of the ability of the auditor to prepare the ordinance.

### MURPHY'S PETITION.

Applications for petitions for nomination at the primary election in November were made to the City Clerk yesterday by many candidates and their supporters and several hundred blanks were given out. None was taken out for Mayor Alexander, but the other candidates for the executive offices were there early and got well supplied.

### CANDIDATES GET BLANKS.

Auditor Muesel was the first and he required 50 blanks for the purpose of entering his petition. E. F. Smith was second with 300 and George A. Smith was third with 50.

### HOW HE COUNTS.

A unique petition for damages on account of having been knocked down by a monkey-wrench, thereby suffering the breaking of two ribs, was filed in the Superior Court yesterday by G. M. Johnston. He is a rancher living near Burbank. The defendant is Frank W. Grow, who it is said, yielded the monkey-wrench with fearful effect.

### CHARGES AGAINST BROWN.

Reuben Nadavich of No. 143 East Thirty-fifth street has filed charges before the Civil Service Commission against Patrolman F. A. Brown, who has been conspicuous in the prosecution of liquor law violators. Nadavich alleges that Brown made an affidavit in July, 1926, before the commission that he had never been convicted of felony, but that Brown testified last month in court that he had been convicted in Oklahoma. Nadavich further charges that Brown visited a cafe with a woman, drank in a stall with her and permitted her to take his gun and wear it. He asks Brown's dismissal. The commission will probably refer the complaint to the Police Commission for action.

### KILLED WHEN BURIED.

Laborer Meets Death in Excavation. Completely Covered With Earth.

F. Megia, a laborer, was caught by a cave-in and completely buried while working on a wagon in an excavation at Avenue 45 and Griffin avenue, yesterday. When his body was uncovered by fellow workmen, he was extinct.

Ten men were employed at the excavation by Melvin Sheldon, a contractor. They were taking away dirt for use in filling in streets.

Megia and R. Rodriguez were working in the bottom of the hole, while other laborers pried loose the dirt from above. A greater quantity of dirt crumbled than was expected. Rodriguez was knocked down but escaped injury. Megia was caught just as he was jumping to safety.

The body was taken to Pier 38 morgue by direction of Coroner Hartwell.

### MAY INCREASE THE TAX RATE.

### BUDGET COMMITTEE IS TO REACH DECISION TODAY.

Alternative of More Revenue or Cutting Necessary Items of Expenses Makes Problem Difficult. Fire Engine-Repairs Present a Hard Knot in Financial Question.

An increase of 5 cents in the tax rate or the sacrifice of some items deemed indispensable is the problem the Budget Committee must solve today. The committee has been unable to reach a decision on the fire engine repairs, which are estimated to cost \$100,000. The committee is divided on whether to increase the tax rate or to cut other items.

The committee said after adjournment yesterday that it feared no further cuts will be possible and if they cannot be made the only alternative will be to increase the tax rate from 35 cents to 40 cents. This will produce enough to meet the estimates together with a slice out of the \$250,000 emergency fund to be provided.

It is also hoped to get the budget ordinance in shape for presentation to the Council tomorrow and the will doubtless be a mere matter of the ability of the auditor to prepare the ordinance.

### MURPHY'S PETITION.

Applications for petitions for nomination at the primary election in November were made to the City Clerk yesterday by many candidates and their supporters and several hundred blanks were given out. None was taken out for Mayor Alexander, but the other candidates for the executive offices were there early and got well supplied.

### CANDIDATES GET BLANKS.

Auditor Muesel was the first and he required 50 blanks for the purpose of entering his petition. E. F. Smith was second with 300 and George A. Smith was third with 50.

### HOW HE COUNTS.

A unique petition for damages on account of having been knocked down by a monkey-wrench, thereby suffering the breaking of two ribs, was filed in the Superior Court yesterday by G. M. Johnston. He is a rancher living near Burbank. The defendant is Frank W. Grow, who it is said, yielded the monkey-wrench with fearful effect.

### CHARGES AGAINST BROWN.

Reuben Nadavich of No. 143 East Thirty-fifth street has filed charges before the Civil Service Commission against Patrolman F. A. Brown, who has been conspicuous in the prosecution of liquor law violators. Nadavich alleges that Brown made an affidavit in July, 1926, before the commission that he had never been convicted of felony, but that Brown testified last month in court that he had been convicted in Oklahoma. Nadavich further charges that Brown visited a cafe with a woman, drank in a stall with her and permitted her to take his gun and wear it. He asks Brown's dismissal. The commission will probably refer the complaint to the Police Commission for action.

Winning Hand With  
South for Crew.

Wife at Home, Leaves  
Captain Free.

Turn of Wreck of  
Schooner.

A winning hand with the crew of the schooner Charles Hansen, who sailed from Los Angeles for the coast of Mexico, was dealt by the wind and waves on the night of the 11th. The vessel, which was carrying a cargo of dynamite, was blown out of its course and ran aground on the coast of Mexico. The crew, who were all experienced sailors, managed to save the vessel and its cargo, and the captain, Charles Hansen, was released from his duties. The vessel is now being towed back to Los Angeles.

## CONSOLIDATION.

(Continued from First Page.)

pled by the Southern Pacific for franchises granted by the Supervisors of Los Angeles county, at least all but a small amount is now held under title land patents from the State," said Gibson. "The company has no title to the property it now uses for wharves, from which it draws a revenue of \$100,000 a year."

"It has remained for the city of Los Angeles to institute the suit that should win back to the people the title to these lands that are occupied by the railroad company without right. The city of Los Angeles has expended tens of thousands of dollars in the interest of this harbor, yet there are some people here who question the sincerity of the people of Los Angeles in this matter of consolidation."

**OUTER HARBOR FIRST.**  
The outer harbor, said the speaker, must be improved first. San Pedro will get the immediate advantage of \$100,000 to be expended within two years after the voting of the bonds, and there will be expended, also, in and around San Pedro its share of the \$100,000 that is to be spent within ten years. Large vessels of important steamship lines are now waiting for a depth of water alongside the wharves that will permit them to land.

San Pedro now pays \$150 a thousand feet for gas. Under Los Angeles government the rate will be reduced by 50 cents. Electric light rates will be reduced by the same amount about 25 per cent. The city will get the benefit of the Owens River water supply without assuming any of the bonded indebtedness.

In addition to better schools, fire and police protection and many other things, the speaker said, the greatest of all boons of consolidation would be the harbor, which never can be taken away by any trick nor given away by conscienceless city officials.

**PEASE, LYON, HEALY.**  
Niles Pease, president of the City Council, said he rejoiced at the enthusiasm displayed by the audience, and predicted that the vote for consolidation would be overwhelmingly in the affirmative. Every consolidation measure that came before the Los Angeles City Council was supported unanimously, and every member of that body worked earnestly for every thing that boded good for San Pedro and Wilmington in connection with Los Angeles.

Councilman Lyon, introduced as the youngest member of the City Council, made the shortest speech of the evening. "I stand by the pledge we have made to San Pedro and Wilmington," he said.

Councilman Healy of the Eighth ward declared that Mr. Wallace, earlier in the evening, had braved the opposition of the San Pedro and Wilmington parts of the Fifth ward. "He'll want to be annexed the United States," said Healy, who added that he would stand by the pledge that had been made.

**ENGINEER'S VIEWS.**  
City Engineer Hamlin, a member of the Consolidation Committee, was unable to attend the meeting, but an important statement by him was read by Stoddard Jones. It is as follows:

"The construction of the government breakwater at San Pedro, now nearly finished, has created a great harbor, which, when developed, will have many great advantages over other ports along the coast. It lies within a few miles of the city of Los Angeles, and is one of the great highways of ocean commerce, upon the completion of the Panama Canal. To reach this harbor it will be necessary for vessels to cross dangerous bars, to traverse miles of tortuous channels, or to wait for favorable winds, or weather, or tides, or to be driven back to the open ocean by the heavy swell which sometimes rolls landward from the Pacific. In all these directions the shores of the mainland afford complete protection from storms which in less-sheltered localities might be disastrous to shipping. Vessels may, at any time, either by night or day, and without waiting for tide or weather, enter the outer harbor of San Pedro in safety."

"Such favorable conditions in connection with the resources of the vast region naturally tributary to this port, will soon make necessary at San Pedro and Wilmington, one of the great harbors of the world. This harbor should be constructed along broad lines, and according to modern ideas. The outer harbor, on account of its great depth, affords opportunity of immediate development for docking of the largest sea-going vessels, and is the logical point for such development. With wharves and approaches the outer harbor completed, connecting it with a highway direct to the business center of Los Angeles, the question of low freight rates will be settled. So far as approaches to the outer harbor are concerned, I have some other matter with Capt. Amos A. Fries and that there is more than one feasible route, and no engineering difficulties are presented."

"Tomorrow is the day of fate with your city," said Mr. Jess after reading Hamlin's statement. "Opportunity knocks at your door. A great city offers her money to build up this great harbor. Defeat of consolidation will not only affect you disastrously, but your children and your children's children."

# WHERE TO CAST VOTES TODAY ON CONSOLIDATION PROJECT.

LOS ANGELES and San Pedro will vote today on consolidation. The result of the ballot will determine whether San Pedro is to follow the example of Wilmington and come into the greater city, or shift for itself in the conduct of harbor affairs.

Indications are that San Pedro voters will give a majority for the merger, but the Consolidation Campaign Committee will not rest in its labors until the polling places are closed. There is no doubt as to how Los Angeles will go, but for the good of the cause it is desired that a heavy vote be cast. A general expression of the will of the people at this time will help greatly a few weeks hence when a bond issue for the improvement of the harbor is submitted.

As at the Los Angeles-Wilmington election of last week, the 189 precincts of the city will be combined tomorrow in sixty-nine special precincts, and the polling places will be where they were on Wednesday of last week. The polls will be open from 6 o'clock a.m. until 6 o'clock p.m. The list of Los Angeles polling places is as follows:

er to securing the establishment of terminal rates for San Pedro. He is stated that the jobbers are sincere in their promise and that no stone will be left unturned to carry it out. As an earnest of their sincerity, he called attention to the fact that the machinery already has been set in motion by which Wilmington is to have terminal rates.

In the last address of the evening, A. P. Fleming, secretary of the Los Angeles Consolidation Committee, paid a high compliment to the San Pedro friends of the merger and predicted that the majority for consolidation would be large. He also presented evidence to show that the San Pedro Trustees were trifling with the squatters of East San Pedro, to whom were issued a few days ago, at \$1 each, leases to lands they now occupy. Fleming showed that these same lands were leased four years ago to the Salt Lake Railroad and that the squatters have nothing, so far as the lease is concerned, that is worth the paper on which it is written. Just a sop to the squatters, he said, in an effort to line them up against consolidation.

**SIX MONTHS' SENTENCE.**  
Prisoner Pleads Guilty to Having Sold Stolen Property—Mining Claims Leased.  
SAN BERNARDINO, Aug. 11.—Albert Polignon, who was arrested a week ago at Los Angeles, charged with selling stolen property, pleaded guilty this morning, in the Superior Court, to the charge of having sold stolen property. He was sentenced to six months in the County Jail. His confession implicates Herman Behrens in the burglary of the American Hardware Store and the Hub Clothing House.

H. H. Linville of Highland today bought Dr. H. W. White a lot on the south side of Fourth street, 42x150 feet, for \$500. Linville intends to erect a model office building on the property.

**RICH VALUES REPORTED.**  
George S. Branch of Barstow has leased the Queen group of mining claims, located twenty-four miles north of that town, to a Chicago syndicate, which has commenced development work. Experts for the company have just concluded an exhaustive inspection of the group. Rich values have been ascertained at the property, the assays averaging between \$20 and \$62 in gold and silver, it is stated.

An extensive stipulation was filed in the Superior Court this morning between Henry G. Dent, Receiver P. D. Griffith of the California Fruit Growers' Association, John G. North and others, dismissing all suits brought by any of the parties involving the affairs of the fruit association even remotely. This finally wipes out all litigation.

**UNDELIVERED TELEGRAMS.**  
There are undelivered messages at the office of the Western Union Telegraph Company, First and Spring streets, for R. E. Gelman, Francis G. Burke, J. N. Indecor, Prof. O. H. Ennis, Mrs. Ella Suggs, Mrs. Haight, Mrs. Georgia Wither, W. T. Taylor, Mrs. Fred Becker, Harry P. Blank, C. Jack Dryden and Mr. Greene.

The Columbia Park Boys' Club of San Francisco, now making a tour of Australia and the South Seas, sailed yesterday from Melbourne for New Zealand.

M. H. Newmark, president of the Associated Jobbers of Los Angeles and member of the Consolidation Committee, repeated the pledge of the committee to the people of Los Angeles.

## TO BE PASTOR EMERITUS.

Expected Action of Temple Baptist Church Deferred, Awaiting a Letter from Dr. Burdette.

It was the intention of Temple Baptist Church to take action last night, naming Dr. Robert J. Burdette as pastor emeritus, and also to appoint a committee to select a new pastor, but an expected letter from Dr. Burdette failed to arrive and no action was taken at the meeting.

The year begins October 1, the rules of the church calling for the annual election of a pastor and it is likely the change will be made at that time, with the choice of an active pastor, as Dr. Burdette's health gives no hope of a speedy return to the active ministry.

"It has always been understood," said one of the official members of Temple Church yesterday, "that Dr. Burdette is to be a preacher of Temple church as long as he lives, and he has not asked to be retained as pastor emeritus. We concede that as his right, without his asking, for he was born with the church and we want to have him with us all his life, much as we regret that his illness makes it impossible for him to keep up his active work. We are as much attached to him as he is to Temple church, and we thought that the relation would be severed. Even if we did not love him, we would not stand for such an evidence of ingratitude."

## FUNERAL DIRECTORS' FUN.

Accord Mt. Lowe and Have Luncheon in Pasadena—Banquet for Visitors Tonight.

Visiting delegates to the fifth annual convention of the California Funeral Directors' Association, now in progress in this city, were entertained yesterday, by Los Angeles and Pasadena members of the organization.

Yesterday morning they were taken to the Cawston Ostrich Farm and later to Pasadena. Luncheon was served at the Casa Grande and after that the party boarded cars for Mt. Lowe and spent several delightful hours at a high altitude.

At 10 o'clock, this morning, the convention will consider important matters of business. Officers will be elected and the meeting place for the next convention decided upon.

Tonight the visitors will be the guests of the local undertakers at a banquet at Levy's.

## MILLION-DOLLAR FIRE.

MIDDLETOWN (N. Y.) Aug. 11.—A loss estimated at \$1,000,000 was caused by the fire which swept thirty-six buildings from the main street of the summer resort of Monticello, N. Y., last night.

The buildings burned included hotels, stores and residences. The fire broke out under contest this morning, after dynamite had been used. Three hotels filled with summer guests, mainly from New York City, were destroyed. They were the Rockwell House, the largest hotel in Sullivan county; the Palatine Hotel and the Bolsum House. All the guests escaped with most of their personal property.

The Union National Bank, both newspaper offices and every store but one in the town, was destroyed.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## SOLDIER'S PAST IS RAKED UP.

Man Whose Neck Was Broken Was Jail Bird.

Several Affairs With Women Figure in Career.

Bail Granted Conspirator Who Shot Teamster.

PASADENA, Aug. 12.—Fred Packner lived almost twenty years in comparative obscurity in this city. Now that he is dead details of his life are being given sensational prominence. He was an old soldier, and fell from a ladder in South Pasadena, and had his neck broken, a few days ago.

Almost as the body was to be lowered into its grave, Mrs. Florence Grange, daughter of Packner, who had not seen him for thirty years, identified the remains. She convinced Mrs. Sophia Jackson, who lived with the veterans for five years, and who claimed to be sister of old soldier, that she and her two sisters and a brother were the rightful heirs.

Recently, Mrs. John of No. 400 Pleasant avenue placed in the hands of Police Detective Joseph Shults information which later is being investigated in San Francisco. It will be held before the Public Administrator.

Briefly, Mrs. John asserts that she was married to Packner twelve years ago. She exhibits a marriage certificate to prove her statement. She then discovered, she says, that Packner was already married to a woman in Arizona and had four children there, and that his second wife had not secured a divorce.

Criminal action was brought against Packner here by Judge J. H. in San Quentin, which he served. "I would not bring this to light," said Mrs. John. "My marriage was annulled, and I have taken the name of my first husband. But I am thinking of the fact that Packner was a man who I understand, and not in the best of circumstances. It seems to me they are the rightful heirs of whatever estate there is."

Mrs. John searched through many papers and letters, but could not find or recall the name of Packner's former wife in Arizona. This matter Detective Shults is looking up in the court records.

The flag still hangs at half-mast in front of the old soldier's home at Mrs. Jackson's residence on Fair View avenue. Residents of the neighborhood are sending flowers and messages of sympathy. They add romance to the story by asserting that a chest of old coats of great value is buried on the premises of Mrs. John. It is also held that Packner had a collection at the Soldiers' Home, which has never been taken away.

BURRIS BAILED OUT. Clinton Burris, charged with the murder of Irving G. Hobart at Lamanda Park last week, had his preliminary examination before Justice McDonald yesterday. He was bound over to trial in the Superior Court under \$50,000 bond.

His attorneys, Simpson, Moody & Simpson, secured bondmen at once and last night Burris slept in his own bed at his little home in Lamanda Park. The release from custody was almost a necessity, as Burris is badly weakened by the ravages of consumption.

The preliminary examination developed practically nothing in addition to the facts as brought out at the time of the shooting and the doctor's request. His defense will be that he shot to save his own life.

DAY OF DEMOCRACY. Today will be Pasadena's day of democracy and good cheer. By proclamation of the city, it is a day when every citizen is asked to join in a big celebration at Redondo.

Technically the outing is given by the Board of Trade, afterwards by the Chamber of Commerce. Generally, it is just for all Pasadena people and former residents of Pasadena, or anybody who holds loyalty for Pasadena.

Full adequate service for the 6000 people expected to attend has been provided for on the Pacific Electric and Santa Fe lines. The trains will begin their drive on the city's population at 7:30 o'clock a. m., and continue at intervals to frequent to mention in detail until all are "on their way."

At the beach there will be fourteen track events in the morning, held in view of the big pavilion, and at 3 o'clock a. m. a basketball game will be played. Handicaps are offered, aggregating \$100 in value are offered. Special trophies will be given for the various events. The largest family and the longest married couple, etc.

Among the concessions will be a band concert, free coffee, lemonade and ice water and other treats.

JUDGE HOFFMAN DIES. Judge Joseph Hoffman, who, years ago, was a partner for a long period of the late Gov. Tod of Ohio, died last night at the age of 87 years.

Death occurred at his residence, No. 10 South St. Louis avenue, where his aged widow remained to mourn his loss. In the East are four grandchildren.

Judge Hoffman was born in Pennsylvania in 1825. He served as judge in Trumbull county, O., for 17 years and lived in Youngstown. He came to Pasadena in 1886 and lived a quiet, happy life here.

SUES ORBISON. Arthur A. Shawmeyer, the Pacific Electric conductor who says Dr. Thomas J. Orbison pushed him off a moving car and caused serious bodily injuries, has brought suit for damages, asking \$10,000.

Orbison was found guilty before Justice McDonald on a battery charge and was fined \$25. He took an appeal to the Superior Court, and the case is now pending. It is probable the damages suit will await the decision.

MRS. POWELL'S RECEPTION. Mrs. William E. Teck and Miss Teck of New York, who are house guests of Mrs. Edwidge M. Fowler, and Miss Klemm, who will leave soon for Japan, were the guests of honor yesterday evening at one of the largest functions of the summer. It was given by Mrs. Fowler at her home on Grove street.

Japanese lanterns and colored electric lights illuminated the spacious grounds and the interior of the house was abundantly decorated with palms and ferns and rare foliage plants. The affair was in the nature of a re-

## DR. BURDETTE IS BETTER.

Able to Turn from One Side to Other for First Time Recently.

REDONDO BEACH, Aug. 12.—There was a perceptible change for the better in the condition of Dr. Robert J. Burdette tonight. For the first time since he took to his bed he was able to turn from one side to the other. A portion of the plaster cast in which his body was placed last week was removed from his hip today. The physicians expect to be able to remove the remainder tomorrow. He still suffers severely.

ception and the hostess and her guests of honor were assisted in receiving by Misses E. S. McKittick, D. A. Dexter, Misses Meeker and Culver.

There were between 300 and 400 guests present during the evening. A charming feature of the entertainment was a dainty flower dance given on the lawn. Participating in this were Misses Clara Nash, Alice Alcott, Gladys Gardner, Jane Gordon, Julia Holmes, Josephine Rust, Louise Lockwood, Grace Clark, Julia Clark, Isabel Lockwood, Madeline Barnes, Mary Lockwood, Mabel Love and Margaret Sherer.

Miss Nora McPherson of Los Angeles presented solos and songs and Miss Naomi Sweeney of Pasadena delighted the guests with whistling solos.

PASADENA NEWS NOTES. The residence of Charles H. Frisk, No. 424 North Raymond avenue, was entered by a burglar just before sunrise yesterday morning.

The thief climbed in through a bedroom window, went through the bureau drawers and took \$20 in currency from Frisk's clothes, which were near his bed. It was a daring piece of work.

Elvion Muelo has been appointed to oversee the four tennis courts to be built at Carmel, California. He is asked Miss May Sutton and John McKnight to serve as a committee to assist him in the matter of tournaments and court rulings.

Ex-Mayor Waterhouse has bought a ranch at Ventura, consisting of approximately 70 acres. He will make his home there.

SUN STEALS IT. STREAMS SHOW LESS VOLUME.

MOUNTAIN WATER FLOW VERY MATERIALLY REDUCED.

Consumers About Duarte Will Soon Have Schedule Runs for Irrigation for First Time This Season—Greater Volume Expected by End of the Month.

MONROVIA, Aug. 12.—The recent continued warm weather and the entire absence of fog are having a marked effect upon the flow of mountain streams. The San Gabriel River has decreased notably in volume. On the 15th inst., water consumers in Duarte will be able to start their irrigation for the first time this season.

So far water has been supplied in such volume that no check was placed on orchardists of the amount of water consumed. The Sawpit Cañon stream has decreased about 25 per cent, and the Santa Anita has correspondingly reduced in volume.

This is probably the minimum of flow in these streams for the summer. Adams water supply will be increased late in August and early in September.

PLANS DRINKING FOUNTAIN. The Duarte-Monrovia Farmers' Club is having plans drawn for a handsome drinking fountain, to be placed in Liberty Park on South Myrtle avenue. The club also devoted a sum of money to be used for the beautifying of that place. Several years ago the same club erected a drinking fountain of granite boulders at the intersection of Orange and Myrtle avenues here.

The Citizens Committee is expending a sum of money contributed for the same purpose. The new fountain will be placed in the same place as the old one, and will be a handsome structure. SAWTELLE. SAWTELLE, Aug. 12.—Marion Hill has received his commission as postmaster of the office to be established at Westgate. The new station will be opened as soon as the supplies are received.

Mr. and Mrs. G. W. Wynnoff, who spent some time with friends here, have departed for Seattle and Olympia, where they will be the guests of their son-in-law, Gov. Hay of Washington. They were recently in the city at that time was Lieutenant-Governor. While here word reached him of the death of the Governor of the State.

WAIFS AT OCEAN PARK. OCEAN PARK, Aug. 12.—Seven trawler cars loaded with Los Angeles waifs and dependents from the Children's Hospital came to the seashore for an outing today. The funds for the car fare and the entertainment and dinner for the pleasure-travelers on their outing were provided by popular subscription. The excursion was conducted by the Salvation Army.

Word has been received here of the death yesterday at Vancouver, B. C., of Mrs. Rex Unger. Mr. and Mrs. Unger were residents of this beach for several years, but recently went North.

Redondo, Hermosa and Manhattan Special Paper Service. The Times has arranged a special service for the agent in each place to deliver the paper to patients at early of the morning acting could wish. Patients in either place not receiving paper early morning delivery will confer a favor by promptly advising the publishers of the fact.

## TO CELEBRATE ITS CENTENNIAL.

CHRISTIAN CHURCH DELEGATES ASSEMBLE IN FORCE.

Convention Opens With Sunday-school Session—Interesting Programme for Today—Young Auto Thieves Arraigned—Teacher Appointed.

LONG BEACH, Aug. 12.—With an initial registration that promises a record attendance, the twenty-first annual convention of the Christian Church of California and Arizona opened tonight at the auditorium. President C. C. Chapman of the International State Sunday-school Association presided, and, after a praise service led by Rev. Dr. C. R. Mitchell, Rev. Dr. Tyler was introduced and spoke on Sunday-school work. At the close of the address an informal reception was tendered the delegates by the members of the local church.

Much interest centering in this, the centennial year of the church, the last convention directed that the lecture hours this year should be devoted to that theme. Nine preachers were appointed to prepare papers on the subject, to be presented at this convention.

Tomorrow morning, after the announcement of the general committee, the first of the centennial lectures will be given by Rev. Dr. C. R. Mitchell, his subject being "The Beginnings of the Church." The criticism will be by L. H. Haas.

Other addresses will include "The Why and How of Better Teaching," by J. P. McKnight; "Problems in the History of Christianity," by G. M. Anderson, and "Evangelistic Possibilities of the Bible School," by F. W. Emerson.

In the afternoon Rev. E. W. Thompson will conduct an open assembly on Sunday-school work and in the evening Dr. Tyler will lecture on the "Bible School of the Future."

SCHOOL PROBLEM. At a meeting of the school board last night, the school trustees of the Belmont Heights district asked what attitude the board proposes to take regarding the joint use of the High School by both districts and whether students coming from Belmont Heights will be charged tuition. The query was filed without action. The members of the board claim that the reported rulings of the county superintendent and District Attorney to the effect that the High School is a union school have not been confirmed officially. The board is not making a law for making the school a union one, but that there may be a way by which tuition charges can be avoided. The tuition feature is regarded as an important compared with the control of the school, which would be involved were the claim of the Belmont district allowed.

At a meeting of the Harbor Campaign Committee, this morning, W. H. Wallace, who is secretary, and J. L. Leister, manager and S. L. Leister, secretary, and they will have full charge of organizing the workers in the harbor in favor of the proposed municipal wharf bond issue.

PROUD OF HIS BOY. Capt. Herbert Browne of this city is very proud of the achievement of his 14-year-old son, Allen, who is spending the summer at Avalon. Monday, while fishing near Seal Rock, the lad saw a disabled launch in the water towards the rocky coast. He thought he found another launch, with two passengers, and towed it also to safety.

Douglas Macdonald, Robert Davis and Fred Westley, who were arrested on the 15th inst., were arraigned before Justice Rogers, acting for Justice Elmer, and committed to the Juvenile Court. It is understood that the garage owners will prosecute but no charges have been placed on probation.

TEACHER APPOINTED. The school board last night appointed Miss Bessie Watkins, a High School graduate, teacher at Pine-avenue school, to succeed Miss Ethlyn Adams, who goes to Los Angeles. Florence Kimball was denied a six months' leave of absence, but the board intimated that she would be given it if she desired it.

A flat car on the Salt Lake bridge was wrecked, today, by impact from a train, sent down on it in a flying switch.

CANARD EXPLODED. No Change in Presidency of Board of Managers of Soldiers' Home Has Been Made.

SOLDIERS' HOME, Aug. 12.—There has been a rumor to the effect that there was a change in the presidency of the board of managers. When the source of the rumor was found to have had its origin in a Leavenworth, Kan., newspaper, which said: "It would seem from the following dispatch from Washington, that we have a new president of the board of managers: 'Soon after Congress adjourns, Senator Warner of Missouri will start on a tour of inspection of the board of governors of these homes.' There is no such body as a 'board of governors.' Senator Warner is, however, a member of the board of managers. He is also a member of the Senate Committee on Public Buildings and Grounds.
